*Long-standing family business passes torch to next generation*

KINGSTON, ON (July 5, 2013) – The Walker's/Capital Group of Companies Ltd. today announced that Glenn C. Warner, previously the Group's Vice-President and Business Development Officer, has been elected by the Board of Directors to the role of President of the Walker's/Capital Group. Outgoing President and General Manager, Glenn E. Warner, will continue his association with the family business in an advisory capacity.

"I hand over the role of President with great confidence in and appreciation for my successor's abilities to take up the reins of the Group and lead us to new growth and achievements for years to come," said Glenn E. Warner.

Glenn C. Warner graduated from St. Lawrence College in 1999 and, following seven successful years as a Business Systems Analyst with Ottawa IT firm CGI, joined Walker's/Capital in 2006 as Business Development Officer. He was subsequently promoted to Vice-President in 2009. Having spent many summers during his secondary and post-secondary years working in the Operations side of the Group, Warner melded this experience and knowledge of the industry with his business expertise, allowing him to quickly assume an effective and comprehensive leadership role. Warner rejoined his family's business seeking the challenges and growth-potential of an SME.
