1. great conference; the CCMP (Certified Canadian Mover Program) looks like a real winner
2. most interesting and relevant CAM meeting in several years; good work; suggestions:
  - daily admonishments to cell-phone activity
  - consider holding AGM as first session on first day of conf to encourage attendance & broader member participation
3. superior content; excellent execution
4. Harrison was excellent choice of presentation
5. panel discussion was phenomenal
6. need to increase attendance; sharing of best practices is applicable & should continue as seminar, possibly longer; suggested seminar: Valuation Understood – what are your obligations & options in providing coverage? Have in a broker for part of the session
