

Quality Move Management CAM 2024 Mover of the Year Award

Quality Move Management has been honored as the 2024 Van Line Mover of the Year by the Canadian Association of Movers. This prestigious award recognizes QMM's outstanding corporate citizenship and customer service excellence. Quality Move Management has been in business for 28 years and consistently delivers on their vision through continuous improvement and exceptional service. This is the second time QMM has won this award; the first was in 2018.

In 2023, QMM earned numerous accolades from Allied Van Lines, including Cross-Border Agent of the Year, a Top Safety Award, several Drivers of the Month awards, and Customer Choice Awards for each of their locations in Vancouver, Calgary, Edmonton, and Toronto. Their success continued into 2024 with QMM receiving awards from Allied and a relocation management company as transportation partner of the year. These honors highlight QMM's commitment to winning over clients with the right attitude, experience, and resources.

Quality Move Management's dedication extends beyond business achievements. They nurture their employees' skills through formal learning opportunities and support their wellbeing through committees focused on diversity, health and safety, employee engagement, and social responsibility. QMM also actively gives back to the community, supporting organizations like Move for Hunger, Ronald McDonald House, and Union Gospel Mission. This commitment to service excellence and community involvement underscores QMM's leadership in the industry.

Congratulations to Tim Nager, Roy Phelps, and all the great employees and drivers of Quality Move Management on this well-deserved recognition!
