Virtual Surveys at a Price that Fits Your Budget

Virtual Moving Technologies (VMT), the leader in virtual move surveys, has removed the budget risk from video surveys!

1. We built the only video survey platform that was designed from a mover's perspective.
2. Then, we introduced both DIY (self-guided) and Guided video survey options for more flexibility and control.
3. Now, we are offering the first flat-fee video survey platform.

What are Flat-Fee Virtual Surveys?

For one fixed monthly subscription fee, you can perform as many video surveys as you want within your selected tier.

Video Surveys	Monthly Cost
1-50/mo.	\$175
51-100/mo.	\$295
101-150/mo.	\$495
Over 151/mo.	Call for Pricing

Why Flat-Fee Virtual Surveys?

With Flat-Fee Virtual Surveys you know what your monthly costs will be and don't need to worry about unexpected costs at month end. You simply select a budget tier and perform as many video surveys as you want within that tier. And if you ever need more video surveys, you simply sign up for a higher tier... it's that easy!

Flat-Fee Virtual Surveys allow you to do more video surveys for a lower cost, and no month-end surprises. And the more surveys you do, the bigger the savings!

Here are a few examples of flat-fee survey savings compared to typical per-survey pricing:

# of Surveys	Per survey fees	Fixed Fee	Savings/mo.
25/mo.	\$500	\$175	\$325/mo.
75/mo.	\$1,500	\$295	\$1,205/mo.
125/mo.	\$2,500	\$495	\$2,005/mo.

Start Saving Today

VMT's Flat-Fee Virtual Surveys are a great way for you to test video surveys without a huge investment. And then, as you start to see their benefits to your business, you can expand at a pace that meets your needs --- and save even more as your business grows.
